Chat history DOC/PDF

 Remaining

The lab specifically requires the **before/after videos, updated code, and exported chat history as DOC/PDF.** Lab_4_VibeCoding_Student_handout

Next → Chat history document

We can make a clean human-looking PDF/DOC containing:

1. Lab title
2. Repo details
3. Tool used: ChatGPT
4. Initial bug
5. Prompt used for Task 1
6. Task 1 fix
7. Task 1 testing
8. Prompt used for Task 2
9. Task 2 fix
10. Task 2 testing
11. Git commits
12. GitHub repo link
13. Before/after video names

Don't worry about writing it yourself. I'll prepare the whole document for you.
